

2016: Important Information for Corporate Investors about Foreign Tax Paid

The Fidelity funds listed below paid taxes outside the United States on income from foreign investments during 2016. These funds elected to pass through to their shareholders the foreign source income and foreign taxes paid on these investments. If you are a shareholder in one or more of these funds, you may be able to claim a credit or a deduction on your federal tax return for your share of the amount of tax paid to foreign countries. Generally, a tax credit, if available, is more advantageous than a tax deduction.

Finding Your Amount of Foreign Tax Paid by Your Fidelity Fund(s)

Fidelity reports your share of foreign tax paid by the mutual funds you owned during the year on your Informational Tax Reporting Statement:

For Fidelity Brokerage Accounts — Go to the Detail Information portion of your Informational Tax Reporting Statement, find the Total Ordinary Dividends and Distributions Detail subsection, column 6, in the Details of Dividend and Distributions Transactions.

For Fidelity Fund (Not Brokerage) Accounts — See Dividends and Distributions, column 6, of your Informational Tax Reporting Statement.

Calculating Your Foreign Source Income Amount

If you need to calculate the share of foreign source income you received from a fund, multiply the Total Ordinary Dividends amount you received from the fund by the fund's foreign source income percentage shown on the following pages of this letter.

Finding Your Ordinary Dividends Amount per Fund for Fidelity Brokerage Accounts — Go to the Detail Information portion of your Informational Tax Reporting Statement, find the Details of Dividends and Distributions Transactions section, and then see column 1a of the Total Ordinary Dividends and Distributions Detail subsection.

Finding Your Ordinary Dividends Amount per Fund for Fidelity Fund (Not Brokerage) Accounts — See Dividends and Distributions, column 1a, of your Informational Tax Reporting Statement.

Note: If you did not hold your shares for 16 days within the 31-day period beginning 15 days before the ex-dividend date, you may not be eligible to claim a foreign tax credit.

For more information about reporting foreign tax paid, see IRS Instructions for Form 1118, *Foreign Tax Credit — Corporations*.

We suggest that you consult a tax advisor familiar with your circumstances, to determine how to report foreign taxes paid on your tax return.
