Active Trader Pro<sup>®</sup> is automatically made available to customers trading 36 times or more in a rolling 12-month period. If you do not meet the eligibility criteria, please contact Active Trader Services at 1-800-564-0211 to request access.

Options trading entails significant risk and is not appropriate for all investors. Certain complex options strategies carry additional risk. Before trading options, please read [Characteristics and Risks of Standardized Options](#). Supporting documentation for any claims, if applicable, will be furnished upon request.

There are additional costs associated with option strategies that call for multiple purchases and sales of options, such as spreads, straddles, and collars, as compared with a single option trade.
