

## 4. Portfolio Exchange

Use this section to make a portfolio exchange in your Fidelity-managed 529 College Savings Plan account. All previously invested money (contributions and earnings) in your account will be exchanged from the current portfolio position(s) and reinvested per your instructions below. Under federal tax rules governing 529 plans, you can only reallocate your current plan's investments twice per calendar year or whenever you change the designated beneficiary, without incurring federal taxes.

Check one.  **I do NOT wish to make my portfolio exchange at this time.** ▶ Default if no choice indicated.

**I do wish to make my portfolio exchange.** Please follow instructions below.

You can invest your 529 College Savings Plan contributions based on one of four options detailed below.

Check ONLY one.  **Age-Based Portfolios (Fidelity Funds)** *Designed to generate returns that attempt to beat a composite of major market indices over the long term. These portfolios invest solely in Fidelity funds that are managed by dedicated portfolio managers who make investment decisions backed by Fidelity's proprietary investment research.*

**Age-Based Portfolios (Fidelity Index)** *Designed to generate returns that closely mirror the performance of a composite of major market indices over the long term. These portfolios invest solely in Fidelity Index funds, and are able to keep transaction costs and other expenses low because they are passively managed. This means that the securities currently held in the respective index determine your investments.*

**Age-Based Portfolios (Fidelity Blend)** *Designed to generate returns that attempt to beat a composite of major market indices over the long term. These portfolios invest in a combination of Fidelity® domestic equity funds, international equity funds, bond funds, and short-term funds (underlying Fidelity® funds), some of which are actively managed and others of which are passively managed, meaning they seek to provide investment results that correspond to the total return of a specific index*

**Custom Strategy—Use increments of 5%.**

Create your own investment mix from any of the 529 College Savings Plan Portfolios below.

Age-Based Portfolio (Fidelity Funds)	<input type="text"/>	%
Age-Based Portfolio (Fidelity Index)	<input type="text"/>	%

<sup>1</sup>Although the underlying deposits are eligible for FDIC insurance, subject to applicable federal deposit insurance limits, the units of the Bank Deposit Portfolio are not insured or guaranteed by the FDIC or any other government agency. You are responsible for monitoring the total amount of your assets on deposit at the depository bank, including amounts held directly at the depository bank. All such deposits held in the same ownership capacity at the depository bank are subject to aggregation and to the current FDIC insurance coverage limitation of \$250,000. Please see a 529 fact kit for more details.
