

# Rollover/Transfer Request—ABLE Account

Use this form to initiate a rollover or program-to-program transfer of ABLE or 529 assets to an ABLE account at Fidelity. Do NOT use this form to change the beneficiary on your ABLE account. Go to [Fidelity.com/forms](https://www.fidelity.com/forms) to download the *Beneficiary Change—ABLE Account form*. Type on screen or fill in using CAPITAL letters and black ink. If you need more room for information, make a copy of the relevant page.

## Helpful to Know

- According to IRS regulations, you are eligible to roll over or complete a program-to-program transfer into another ABLE account once every 12 months without changing the beneficiary. To be valid, a rollover to the ABLE account must be made within 60 days of the distribution from the other account.
- Submit this form directly to Fidelity, not to the ABLE or 529 account administrator from which you are requesting the funds to be transferred.
- If you are rolling over or transferring an ABLE or 529 account, it is necessary to establish an ABLE account at Fidelity first. If you do not have an ABLE account at Fidelity for the Designated Beneficiary, you must go to [Fidelity.com/ABLE](https://www.fidelity.com/ABLE) to open a new Fidelity ABLE account prior to submitting this form.
- Your current account administrator may require specific forms or signatures to roll over or transfer your account assets to Fidelity. The administrator may also send you a rollover check directly. Check with your current account administrator to verify requirements.
- If you are rolling over from a non-Fidelity ABLE account and do not have a check yet, Fidelity will contact the ABLE account administrator and initiate a full liquidation and transfer of the ABLE assets directly to us. **Fidelity is not responsible for market fluctuation on requests with written liquidation instructions.**
- If you are rolling over from a non-Fidelity 529 account and do not have a check yet, Fidelity will contact the 529 plan administrator and instruct it to liquidate and transfer the funds per your instructions in Section 5 of this form and direct the proceeds to us. The non-Fidelity 529 must be either an individual or joint 529. **Fidelity is not responsible for market fluctuation on requests with written liquidation instructions.**
- Per IRS regulations, a principal and earnings statement must be provided with a 529-to-ABLE or ABLE-to-ABLE rollover. Until we receive the principal and earnings breakdown, we are required to treat the entire rollover amount as earnings in the account.
- The IRS considers rollovers from a 529 to an ABLE to be contributions to the ABLE account. Therefore, any amount rolled from a 529 to an ABLE account cannot exceed the maximum annual contribution amount eligible for the year in which the rollover is taking place. Also, the combination of your contributions plus 529-to-ABLE rollovers cannot exceed the maximum annual contribution amount allowable to an ABLE account for any given year, and the annual contribution limit cannot be increased for rollovers, even if the designated beneficiary has earned income. .
- Any assets rolled over or transferred in will be invested according to the allocation instructions on file for your Fidelity ABLE account.
- If there is a Person with Signature Authority (PSA) established on this account, the PSA **must** sign this form. Otherwise, the Designated Beneficiary/Eligible Individual must sign in Section 6a.
