

Withdrawal – One-Time

Fidelity Income Advantage® Annuity and Fidelity Freedom Lifetime Income® Annuity

Use this form to make a one-time withdrawal from or to surrender your annuity contract. Type on screen or print out and fill in. For best results, use CAPITAL letters and black ink. Need more room for information or signatures? Use a copy of the relevant page.

Helpful to Know

- To make one-time withdrawals from more than one annuity, use a separate form for each contract.
- Note that only two partial withdrawals are allowed each year and that withdrawals reduce your contract's income value and the amount available for future withdrawals.
- Review your contract for conditions and policies that apply to withdrawals from your annuity, including frequent trading policies.
- For Fidelity Income Advantage® annuities, you cannot make a withdrawal from assets allocated to the fixed income portion of your contract.
- It is your responsibility to ensure that your withdrawals comply with IRS rules. All transactions made using this form are reported to the IRS. You may want to consult a tax advisor.

1. Contract Owner(s)

The phone number will be used if we have questions, but will not be used to update your account information.

5. Tax Withholding

Withdrawals from your annuity are subject to federal and, where applicable, state income tax withholding, unless you choose not to have withholding apply below (if you are a U.S. citizen or other U.S. person). For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% below. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its possessions. If you choose not to have withholding apply, or if you do not have enough federal income tax withheld, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. Withholding instructions provided will remain effective for all withdrawals until you either revoke them or give us new instructions.

Do NOT complete this section if you are a nonresident alien. Instead, the nonresident alien tax-withholding rate of 30% will apply.

For assistance in determining a federal withholding rate, you may review the **Federal Tax Withholding—Annuities addendum** attached at the end of this form.

Check one in each column.

6. Signature and Date ALL contract owners must sign and date.

By signing below, you:

- Authorize and request Fidelity Investments Life Insurance Company to make the withdrawals indicated on this form from the contract listed in Section 1.
- Acknowledge that withdrawals will be taxed as ordinary income, and may be subject to a 10% early withdrawal penalty if taken before age 59½.
- Indemnify Fidelity and its agents, affiliates, successors, and employees from any liability in the event that you fail to meet the IRS requirements.
- Authorize and request Fidelity Investments Life Insurance Company to make the withdrawals indicated on this form from the contract listed in Section 1.

- Agree that if you withdraw all or part of the variable portion of your contract after your first annuity income date but on or before its fifth anniversary, you will forfeit the portion of your purchase payment intended to provide annuity income to annuitants still living after the withdrawal period.
- Acknowledge that if any portion of this contract was funded via a partial exchange of an existing annuity contract within the last 6 months, any withdrawals from the existing or new contract that are not part of an annuity income program could nullify the partial 1035 protection or result in an adverse tax consequence.
- Certify under penalties of perjury that you are U.S. citizen or other U.S. person (including a resident alien individual) and that the tax ID you provided on the Fidelity

Annuity Contract associated with this withdrawal (or as updated in a subsequent communication to Fidelity) is your correct tax identification number.

Customers surrendering contracts

- Understand that Fidelity will be released from any other contractual obligation and that the contract listed in Section 1 will be canceled.
- Certify that there are no existing assignments and that no bankruptcy petition has been filed by or against you.

Customers requesting EFTs

- Authorize and request Fidelity to make EFT withdrawals from the contract listed in Section 1 by initiating debit entries to that contract.

A Medallion signature guarantee is required next to each signature below if:

- Your withdrawal amount is over \$100,000.
- Withdrawals are sent to someone other than the account owner.
- Contract's address of record has been changed within the past 10 days AND the withdrawal amount is over \$30,000.

You can get one from most banks, credit unions, and other financial institutions. A notary seal/stamp is NOT a signature guarantee.

Federal Tax Withholding—Annuities

Helpful to Know

- Federal tax withholding rules can change, and the information cited below may not reflect the current withholding from a federal perspective. Consult your tax advisor or the IRS for the most up-to-date information pertaining to your situation.
- The IRS requires Fidelity to provide you with the Marginal Rate Tables and the Tax Withholding Instructions from the *IRS Form W-4R*.
- You are responsible for paying your federal income taxes and any penalties, including penalties for insufficient withholding.
- The federal tax withholding rate, if indicated, must be provided as a whole number from 1% to 100% for any one-time withdrawals.

Federal Tax Withholding Information

2025 Marginal Rate Tables

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. See the *General Instructions* section for more information on how to use this table. (Note: This is an excerpt from the *IRS Form W-4R*. For the complete copy, please go to [Fidelity.com/W-4R](https://www.fidelity.com/W-4R) or [IRS.gov/pub/irs-pdf/fw4r.pdf](https://www.irs.gov/pub/irs-pdf/fw4r.pdf).)

General Instructions

Nonperiodic payments—10% withholding. Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments **unless** you enter a different rate. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. You may choose to have no federal income tax withheld. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including “-0-”) on any payments to be delivered outside the United States and its territories.

Note: If you don’t give Form W-4R to your payer, you don’t provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold 10% of

the payment for federal income tax and can’t honor requests to have a lower (or no) amount withheld. Generally, for payments that began before 2025, your current withholding election (or your default rate) remains in effect unless you submit a new withholding election.

Payments to nonresident aliens and foreign estates.

Do not use Form W-4R. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, enter “-0-”. See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions for IRS Form W-4R

Line 1b

For an estate, enter the estate's employer identification number (EIN) in the area reserved for "Social security number."

Line 2

More withholding. If you want more than the default rate withheld from your payment, you may enter a higher rate on line 2.

Less withholding (nonperiodic payments only). If permitted, you may enter a lower rate on line 2 (including "-0-") if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter "-0-".

Suggestion for determining withholding. Consider using the Marginal Rate Tables on page 1 to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate on line 2. (See *Example 1* below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate on line 2. (See *Example 2* below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate on line 2.

Examples. Assume the following facts for *Examples 1* and *2*. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

Example 1. You expect your total income to be \$65,000 without the payment. Step 1: Because your total income without the payment, \$65,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$85,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. Because these two rates are the same, enter "22" on line 2.

Example 2. You expect your total income to be \$61,000 without the payment. Step 1: Because your total income without the payment, \$61,000, is greater than \$26,925 but less than \$63,475, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$81,000, is greater than \$63,475 but less than \$118,350, the corresponding rate is 22%. The two rates differ. \$2,475 of the \$20,000 payment is in the lower bracket (\$63,475 less your total income of \$61,000 without the payment), and \$17,525 is in the higher bracket (\$20,000 less the \$2,475 that is in the lower bracket). Multiply \$2,475 by 12% to get \$297. Multiply \$17,525 by 22% to get \$3,856. The sum of these two amounts is \$4,153. This is the estimated tax on your payment. This amount corresponds to 21% of the \$20,000 payment (\$4,153 divided by \$20,000). Enter "21" on line 2.
