Given one extra hour to dedicate to their finances, women are more likely to:

- Work on their budget: 42%
- Learn more about how to become a better investor: 24%
- Develop a financial plan and investment strategy: 13%

About the Survey: Results of this survey are based on an online omnibus conducted among a demographically representative U.S. sample of 1,003 adults comprising 503 men and 500 women 18 years of age and older. The survey was completed during the period October 20-22, 2014 by Infogroup/DRC not affiliated with Fidelity Investments. The results of this survey may not be representative of all adults meeting the same criteria as those surveyed for this study.
