

New Fixed Income Dashboard Experience

What's New

A redesigned analysis experience helps you gain insight to your fixed income holdings.

- **Personalize views** of your positions held at Fidelity and hypothetical holdings.
- **View Summary information** including Total par & market value, next 12 months, annual interest, and average yield to maturity & average duration.
- **Analyze** your portfolio by credit rating, issuer concentration, and now available FDIC concentration.
- Allows you to easily **take action** after completing analysis by easily transitioning to bond ladder and trading experiences.
