Example: Trading the way you want with Active Trader Pro Platforms®, Maximizing Options Tools in Active Trader Pro®

Demonstration

Active Trader Pro® is used for
this portion of the webinar.

Customize your charting experience

1. **Time periods** – use to view price and volume for a security from today up to 30 years, coupled with a range of frequencies
2. **Settings** – use to select your preferred chart type, choose colors that work for you or decide what to show/hide
3. **Draw menu** – use to add notes, draw trend, support, or resistance lines, Fibonacci retracement and more
4. **Indicators menu** – use to choose from over 60 indicators

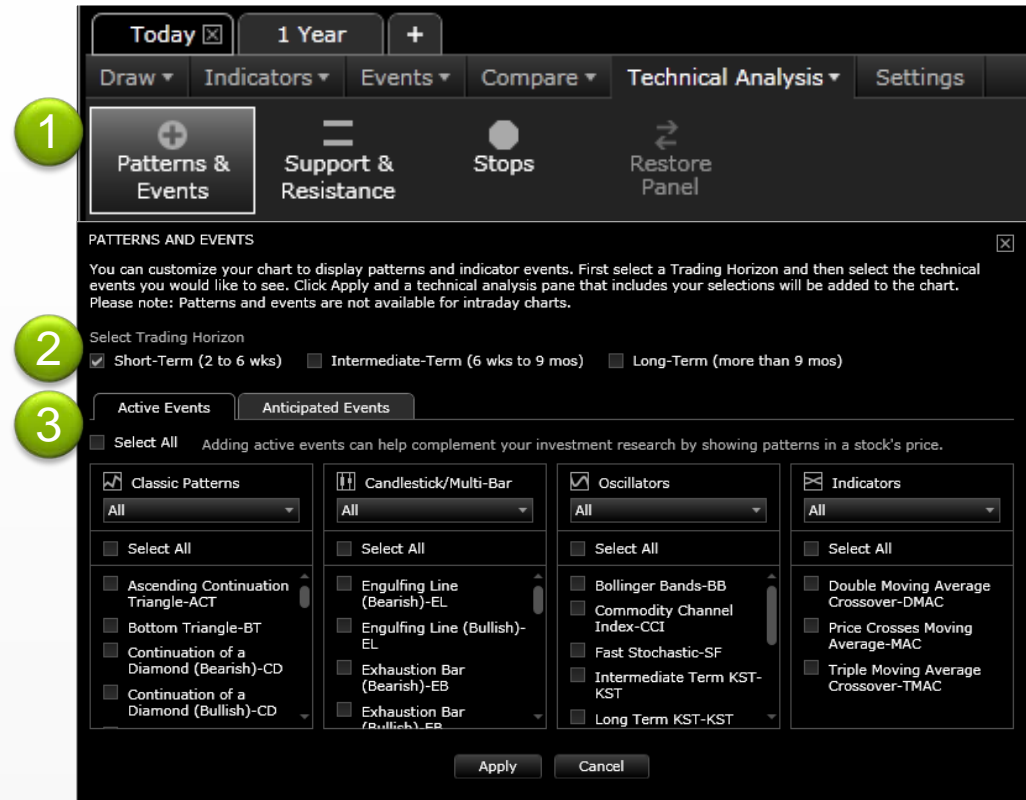

The image shows a trading platform interface with several key components:

- Time Periods:** A top bar with buttons for 'TODAY', '2D', '5D', '10D', '1M', '3M', '6M', 'YTD', '1Y', '2Y', '5Y', '10Y', and 'MAX'. The '1Y' button is highlighted. To the right, it says 'Frequency: DAILY'.
- Chart Settings Dialog:** A window titled 'CHART SETTINGS' with a close button. It contains:
 - Chart Type:** A dropdown menu set to 'OHLC'.
 - Pricing Axis:** Radio buttons for 'Linear' (selected) and 'Logarithmic'.
 - Show / Hide:** Checkboxes for 'Show Previous Close', 'Show Price Volume Distribution', 'Show Tabs' (checked), 'Show Volume Chart' (checked), and 'Show Extended Hours'.
 - Colors:** Two color pickers for 'Up' (green) and 'Down' (red).
 - Grid Lines Opacity:** A slider set to 50%.
 - Watermark Opacity:** A slider set to 50%.
 - Buttons:** 'Apply' and 'Cancel' at the bottom.
- Chart Controls:** A bottom bar with a 'Today' button (highlighted with a green circle '3'), a '1 Year' button, and a '+' button. Below this are menu buttons: 'Draw', 'Indicators', 'Events', 'Compare', 'Technical Analysis', and 'Settings'. The 'Indicators' button is highlighted with a green circle '4'.

Legal disclosures

Any screenshots, charts, or company trading symbols mentioned, are provided for illustrative purposes only and should not be considered an offer to sell, a solicitation of an offer to buy, or a recommendation for the security.

System availability and response times may be subject to market conditions.

Investing involves risk, including risk of loss.

Active Trader Pro® is automatically made available to customers trading 36 times or more in a rolling 12-month period. If you do not meet the eligibility criteria, please contact Active Trader Services at 1-800-564-0211 to request access.

Technical analysis focuses on market action – specifically, volume and price. Technical analysis is only one approach to analyzing stocks. When considering what stocks to buy or sell, you should use the approach that you're most comfortable with. As with all your investments, you must make your own determination whether an investment in any particular security or securities is right for you based on your investment objectives, risk tolerance, and financial situation. Past performance is no guarantee of future results.
