¹ This strategy may be appropriate for investors who are looking for long-term growth and are concerned with the impact of taxes on their investment returns. This professionally managed account offers the following benefits:

- **Professional Money Management**
  Fidelity Personal and Workplace Advisors LLC (FPWA), the investment manager for the strategy, has engaged its affiliate, Strategic Advisers LLC (Strategic Advisers), to provide discretionary portfolio management of your account. Strategic Advisers seeks to deliver index-like returns similar to, but with fewer stocks than, the Fidelity U.S. Large Cap IndexSM.

- **Personal Ongoing Tax Management**
  Your account will be actively managed with the goal of enhancing your after-tax returns.

- **A Personal Approach**
  You’ll receive a high level of service through ongoing communications, quarterly investment reviews on your account, and access to exclusive client content.
Tax-smart (i.e., tax-sensitive) investment management techniques (including tax-loss harvesting) are applied in managing certain taxable accounts on a limited basis, at the discretion of the portfolio manager, primarily with respect to determining when assets in a client’s account should be bought or sold. As the discretionary portfolio manager, Strategic Advisers LLC (“Strategic Advisers”) may elect to sell assets in an account at any time. A client may have a gain or loss when assets are sold. There are no guarantees as to the effectiveness of the tax-sensitive investment techniques applied in serving to reduce or minimize a client’s overall tax liabilities, or as to the tax results that may be generated by a given transaction. Strategic Advisers does not currently invest in tax-deferred products, such as variable insurance products, or in tax-managed funds, but may do so in the future if it deems such to be appropriate for a client. Strategic Advisers does not actively manage for alternative minimum taxes; state or local taxes; foreign taxes on non-U.S. investments; federal tax rules applicable to entities; or estate, gift, or generation-skipping transfer taxes. Strategic Advisers relies on information provided by clients in an effort to provide tax-sensitive investment management, and does not offer tax advice. Except where Fidelity Personal Trust Company (FPTC) is serving as trustee, clients are responsible for all tax liabilities arising from transactions in their accounts, for the adequacy and accuracy of any positions taken on tax returns, for the actual filing of tax returns, and for the remittance of tax payments to taxing authorities.

*As of June 30, 2023. Assets under management include only managed account assets.
HOW WE MANAGE YOUR ACCOUNT FOR TAXES
