

Updated March 2019, to include Strategic Advisers funds.

## 2018: Fidelity National Municipal Funds Interest Dividends by Month

You may need this information to prepare your state income tax return. If, during 2018 you owned shares of any of the Fidelity funds listed in the tables that follow, then a portion of the federal tax-exempt interest dividends you earned may be exempt from your state's income tax.

The enclosed tables provide information for exempt-interest dividends earned from January 2018 through December 2018. Dividends declared in December must be reported as income in the year declared, even if they are paid the following January.

To determine the portion of your tax-exempt interest dividends that may be exempt from your state's income tax, multiply the total tax-exempt interest dividend you received from the fund as of the end of each month, as shown in the Transaction Details section of your monthly or quarterly statements, by the percentage of interest received from your home state plus, if applicable, the U.S. territories.

Although state tax laws differ, many states do not tax interest on the bonds they issue or on municipal bonds issued within the same state. Interest income from securities issued by U.S. territories and possessions is exempt from federal, state, and local income tax in all 50 states. For this reason, you should add the percentages listed for any U.S. territories or possessions to the percentage for your given state.

The following example shows how a Massachusetts investor who purchased shares of Fidelity® Intermediate Municipal Income Fund in October 2018, and earned \$1,000 in exempt interest dividends per month in October, November, and December, would calculate the portion of the interest dividends that may be exempt from state income tax.

Month	Interest Dividends (from your statement)	Total Percentage of Qualifying Interest Dividends from MA and Applicable U.S. Territories (from table)	Portion of Interest Dividends that May Be Exempt from State Income Taxes
October	\$1,000 x	1.38%	= \$13.80 (MA 1.38% + GUA 0% + PR0% + VI 0%)
November	\$1,000 x	1.36%	= \$13.60 (MA 1.36% + GUA 0% + PR0% + VI 0%)
December	\$1,000 x	1.37%	= \$13.70 (MA 1.37% + GUA 0% + PR0% + VI 0%)
<b>Total</b>			<b>\$41.10</b>

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.

As always, consult your tax advisor as to whether all or some portion of the dividend income derived from a fund's investment in municipal bonds issued by your home state and/or U.S. territories may be exempt from state income tax.

<sup>1</sup>Certain states require funds to meet in-state investment thresholds before a shareholder can exempt the income earned from bonds issued by his or her home state. In 2018 none of the funds listed above satisfied the thresholds imposed by California or Minnesota. Certain states, such as California, may require the payers of exempt interest dividends to report to the state tax authority any municipal bond interest and exempt-interest dividends paid to residents. Other states, such as Illinois, do not exempt interest earned from obligations issued by the state when held indirectly through a mutual fund.

<sup>2</sup>Utah residents should refer to the letter, also available on the Fidelity Mutual Fund Tax Information page, that provides information on the treatment of distributions from Fidelity municipal funds based on Utah's state law.
