2022 Fidelity Municipal Fund Distributions Subject to the Alternative Minimum Tax

Income generated by certain holdings in municipal funds is subject to the federal alternative minimum tax (AMT). If you hold Fidelity municipal funds in a Fidelity mutual fund account or a Fidelity brokerage account, your Tax Reporting Statement indicates the amount of your tax-exempt interest dividends from these funds that are subject to the AMT. On your Tax Reporting Statement, Fidelity identifies these amounts as Specified Private Activity Bond Interest Dividends. Other Fidelity municipal fund shareholders who need to calculate the amount of the exempt-interest dividends they received that are subject to AMT should multiply the tax-exempt interest dividends (that they received from each fund for the 2022 tax year) by the applicable percentage given below.

Note that for tax reporting purposes, mutual fund distributions declared as payable in October, November, or December and paid by January 31 of the following year are taxable to shareholders based on the record date, not when paid. Therefore, a shareholder may need to look at statements from February 2022 to January 2023, rather than January 2022 to December 2022, to determine all the fund distributions reportable in 2022. Shareholders should consult their tax advisor for any questions about the federal AMT and state or local tax reporting requirements.
